Petit Repos

Petit Repos è una poltroncina bassa che va ad aggiungersi alla famiglia di sedute disegnata da Antonio Citterio. Come la Grand Repos e le poltroncine della serie Repos, si distingue per i materiali di alta qualità, il comfort eccellente e il design contemporaneo. La Petit Repos è dotata di un collegamento allo schienale integrato flessibile, che consente alla persona seduta di appoggiare la schiena e farsi avvolgere dalla poltroncina per un comfort ancora maggiore.

Questa elegante poltroncina è perfetta negli spazi pubblici e privati. Sono disponibili rivestimenti sfoderabili in diversi materiali per entrambi gli ambiti di utilizzo.

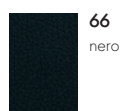

Materiali

- **Seduta/scocca:** schiuma poliuretana su telaio in plastica.
- **Base a quattro razze:** alluminio pressofuso lucido o verniciato a polvere.
